

I believe there should be a federal law that is consistent between all states. However, it is not acceptable for that law to be weaker than state laws already in place.

I DO NOT support the weakening of telemarketing no-call list regulations such as the ones in Wisconsin. Telemarketing is the #1 consumer complaint in Wisconsin and our law is more stringent than the changes being proposed now.

The Consumer Banking Association and telemarketing lobbyists should not be able to trample on the right to privacy wanted by the vast majority of US citizens.
